HIN

My thinking cap isn't working today.

This is fun.

What now?

PUTTING IT ALL TOGETHER

This is boring!

Kinda junky, huh?

Is that all now?

These figures are coming together!

Are you sure?

Just a minute, please.

Next?

I present . . .

Administration, faculty, staff

DEDICATION

"If we work upon marble, it will perish. If we work upon brass, time will efface it. If we rear temples, they will crumble to dust. But if we work upon men's immortal minds, if we imbue them with high principles, we engrave on those tablets something which no time can efface, and which will brighten and brighten to all eternity." Daniel Webster

The structuring of immortal minds has been the task of Mr. Johnny Halsell since 1952 when he became, not just another teacher, but an untiring, unfaltering mathematics personality whom all students will eventually quote during their stay at Utica. From the small town of Toomsuba, Mississippi to Alcorn College to the University of Indiana, Mr. Halsell has become an integral part of Utica Junior College and its student body. The "youngsters", as he so fondly prefers to call them, find strength and awe from the classroom procedures. A smile, a word, a joke—these Mr. Halsell always has. For his service, his dedication to the molding of minds, his willingness to work and many more admirable traits, the 1972 Uticanite is dedicated to Mr. Johnny Halsell. Using Cicero as our guide we can say "not only is there an art in knowing a thing, but also a certain art in teaching it."

IN MEMORY OF GEORGE FISHER

Death is but a name, a date,
A milestone by the stormy road,
Where you may lay aside your load
And bow your face and rest and wait,
Defying fear, defying fate.

Joaquin Miller

Relative to What?

When a brilliant man dies, something in all of us dies with him. When he is a young man like George Fisher, the loss is even more keenly felt. Mr. Fisher was a brilliant young artist, a dedicated educator and critic of sorts—with a superb record of achievement and a behind-the-scenes worker. He will be greatly missed, but then everything is relative. Time is relative. Anytime you evaluate anything, you must make it relative to something. It may be a standard, a value or death. To have known George Fisher, you would realize that in his three years here at Utica, he contributed more than many in seventy-five years. And we say Mr. Fisher was with us for so short a while. Relative to what?

OFFICE OF THE PRESIDENT

UTICA *Junior* COLLEGE

UTICA, MISSISSIPPI 39175

December 8, 1971

Dear Faculty, Students, and Friends:

Truly the Uticanite staff has "put it all together" for the 1971-72 school year. Congratulations to the faculty sponsors and student members of the annual staff. May it bring fond memories to all of us.

We have confidence in the future for all those persons associated with Utica Junior College. Certainly as we look upon the many activities and acts of persons throughout the annual we have a dream—a dream that you will help to "put it all together" in unraveling many of nature's secrets so that we all may live with joy and contentment.

"Putting it all together" is what all educational institutions are about. Certainly Utica Junior College, through this pictorial and descriptive view of a few of its accomplishments, has had its share of the action for this school year.

As Acting President of Utica Junior College and Hinds County Agricultural High School, it has been our privilege to meet and greet many students, faculty and staff and friends of the college. We have been gratified to know that in every instance each person has indicated a wish for the continued growth of this institution. With the continued support of the Board of Trustees of Utica Junior College, administrative staff, faculty, students and friends of the college we have no doubt that the college will continue to move onward and upward.

Yours very truly,

Arthur H. Kinnard, Jr.

Dear Uticanites

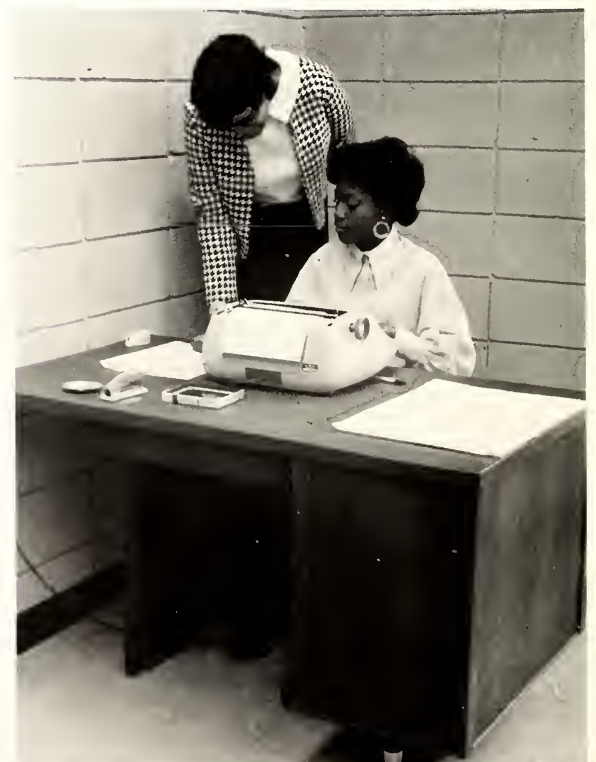

For the past school session, a number of activities have taken place for the purpose of motivating, stimulating, and enhancing the general knowledge of the students and staff at Utica Junior College and Hinds County AHS. For these and many other reasons, we felt it most significant to capture a year in motion by "PUTTING IT ALL TOGETHER IN 1972."

Our sincere gratitude is extended to the staff members and our most competent advisors for their tireless efforts in making the 1972 UTICANITE a success. We hope we have covered every major social, academic, and athletic phase at UJC and Hinds County AHS by "PUTTING IT ALL TOGETHER IN 1972."

Sincerely
